Teeder 50 Tree Mount Assembly

Items needed

One, Teeder 50
Feeder assembly

One, Teeder 50
Tree Mount

Six, Truss Head Screws
(#8 x 1 ¼ Sharp Point)

Customer Supplied

#2 Phillips Screwdriver

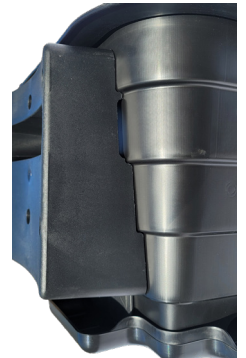

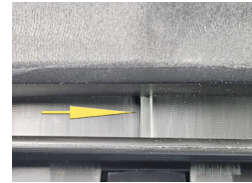

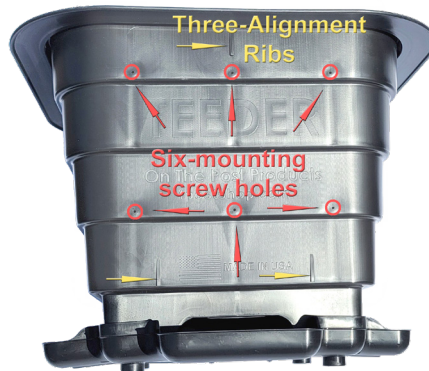

Heavy Duty ratchet strap

Assembly

Find the side of the Teeder 50 Feeder Assembly with the six-pre-drilled holes.

On that side place and align the Teeder 50 Tree Mount with the three-alignment ribs.

Using the six-screws, install into each hole in the Teeder 50 Tree Mount and tighten to the Teeder 50 Feeder assembly

Feed the ratchet-strap through the two-slots on each side of the Teeder 50 and Teeder 50 Tree Mount assembly.
